

NECA's NATIONAL BENCHMARK OF TOP-PERFORMING PROJECT MANAGERS

ELECTRI International is conducting a Pilot Study of Top-Performing Project Managers among NECA Contractors. The objective is to identify the traits, characteristics, and skillsets of Top-Performing Project Managers by using several personality and aptitude assessments.

GET STARTED TODAY

We are looking for NECA Contractor volunteers. There is **no cost to participate** and it **only takes 30 minutes!** Contact the research team today to learn more and get started:

Dr. Brian Lines, brianlines@ku.edu, 785-864-6503

HOW IT WORKS

1. **Contact the research team to say you are interested!**
2. Identify Supervisors & Project Managers from your company who would like to participate.
3. The research team will distribute Assessments.
4. Supervisors will be asked for some additional info.
5. Results will be compiled on a national basis.
6. All information from participating companies & individual PMs will be kept confidential.

WHAT WILL YOU GET?

- Participating companies will get a copy of the National Benchmark of Top-Performing PMs Pilot Study.
- Volunteers will receive Individualized Reports, including their scores for:
 - **HEXACO Personality inventory**
 - **QDiSC-101 Behavior Diagnostic**
 - **Emotional Intelligence**
- Volunteers will also get a comparison to the overall National Benchmark!

HOW LONG DOES IT TAKE?

The Assessment takes **less than 30 minutes** per person + a quick phone call with the research team.

It is **self-paced** online and can be paused at any time!
